Gillian, I think that contacting the lawyer without consulting the board and keeping the lawyer's reply until after the board meeting are not in keeping with your duty to the board or the community. I suggest that you voluntarily resign. judy

I read this as the entire membership can remove a board member, not that fellow board members can remove someone.

amy

i am sending this to john and judy also

i think all board members know this but no one has said it out loud

gillian is in the camp of the people who are suing me

it is a free country - she can do this

but for our community at large it is unhealthy

misinformation and secret meetings and the plaintiffs

lawyers working with her

she clearly has an agenda

i am going to suggest to the board that we ask her to step down

i am wondering if your reaction would be favorable on not on this issue

thanks

mike
